Division Memorandum
No. 108, s. 2024

INFORMATION EDUCATION CAMPAIGN ON MARINE PLASTICS REDUCTION

To: Assistant Schools Division Superintendent
Chief Education Supervisors (CID and SGOD)
Education Program Supervisors
Public Schools District Supervisors
Elementary and Secondary School Heads
All Others Concerned

1. Attached is the Letter Request from Andres Bonifacio College dated October 14, 2024 regarding the conduct of **Information Education Campaign (IEC) on Marine Plastics Reduction on November, 2024** at three (3) public high schools of this Division.
2. The activity aims to conduct an IEC to focus on the importance of managing solid wastes specifically plastics and reducing its hazardous effects on marine life.
3. Relative to this, **fifty (50) student leaders and select faculty members** shall attend and actively participate in the **one-hour** session on **Catch-up Friday**. The following are the participating schools:
 - a. Galas National High School
 - b. Alberto Q. Ubay Memorial Agro-Tech Science High School
 - c. Sicayab National High School
4. Host school shall determine their schedule in close coordination with the organizers, and prepare one (1) room with TV/LCD screen projector, microphone, and audio speakers.
5. No registration fee is required. Other related expenses will be charged against local funds subject to the usual accounting and auditing rules and regulations.
6. For clarifications regarding the activity, please contact Cherilyn R. Allen, EPS in Science, at 09517478296 or Chonita Velasco at 09109011660.
7. Immediate and wide dissemination of this memorandum is directed.

DR. MA. LIZA R. TABILON, CESO IV
Schools Division Superintendent
Department of Education
Dipolog City

Dear Dr. Tabilon,

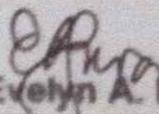

We are glad that PEMSEA chose Dipolog as one of the six project sites for the reduction of marine plastics this year.

As the City's MEP (Marine Environment Protector) partner, Andres Bonifacio College plans to conduct an IEC at the Galas National High School, Olingan National High School and Sicayab National High School. This event will focus on the importance of managing solid wastes specifically plastics thus reducing its hazardous effects on marine life and consequently endangering the livelihood of our fisher folk. We aim to hold one session with 50 student leaders and selected faculty members for an hour starting this month until November.

We look forward to your collaboration in this critical activity that would enhance our young people's awareness to safeguard our seas and other waterways in particular and the environment in general from plastics.

Thank you very much.

Sincerely,

Prof. Evelyn A. Luna
MEP Dipolog Focal Person
