THE MIPUTAK NATIONAL HIGH SCHOOL HYMN NARRATIVE REPORT

By: Hyasinth D. Tribujeña and Jolius D. Redondo

Miputak National High School (MNHS) formerly known as ZNNHS- Miputak Campus was affiliated to Zamboanga del Norte National High School (ZNNHS) from 2013-2019. By virtue of Republic Act No. 9155, it branched off as an independent school and established as Miputak National High School last March 25, 2019. It has been five (5) years that this school has been separated from its mother school – ZNNHS and continue to provide quality education for its learners, likewise achieving its goals, actualizing the vision and mission of the Department of Education (DepEd), and promoting the core values. Thus, MNHS is currently one of the growing schools in the Dipolog City Division.

With that being said, the shift of the new administration of Mr. Jonald L. Noli, School Principal I in the year 2024. He motivated the two educators, Mr. Jolius D. Redondo, a MAPEH teacher and Mrs. Hyasinth D. Tribujeña, an English teacher to craft a song that enthuses the identity of MNHS uplifting the pride, loyalty, and faith of individuals for being part of the institution. MNHS Hymn was sung by Mrs. Jana Shierafel B. Enoy, an English teacher. It expresses what the school stands for and remember their Alma Mater for the rest of their lives.

The first stanza speaks out of an overwhelming feeling of gratitude of the Mipians (referring to the learners of MNHS) from the institution for their own achievements and appreciation of giving someone the opportunity to know themselves better and discover their fullest potential.

The second stanza utters about desires of the school to make every dream a reality by providing the young ones sufficient knowledge or skill that they can utilize throughout their lives, becoming active citizens, and attaining sense of fulfillment.

The refrain asserts around the positive environment of MNHS and its attributions of paying respect to each other regardless of social and economic status which represents intimacy and understanding. This part also reminds us of God's words of spreading love to one another.

The chorus chants MNHS which is set in the West and by the sea to move forward with virtues and connectedness despite of any circumstances, as the word 'Ariba' implying encouragement to all involved in the institution.

Stanza three expresses student's testimony of how the school develop them into full grown individuals and how their teachers play significant roles in their which leave footprints in their hearts.

Finally, the Coda moans one of the goals of MNHS that 'No learners will be left behind' which conveys unity and equality in spite of diversity.
