OF EDUCATION PROGRAM SUPERVISORS AND
PUBLIC SCHOOLS DISTRICT SUPERVISORS ON
NATIONAL ACHIEVEMENT TEST DATA
ANALYSIS AND INTERPRETATION**

To: CID Chief
All Education Program Supervisors
All Public Schools District Supervisors
All others concerned

1. The need for data analysis for national achievement tests arises because of the demand to enhance the educational outcomes, so that every student meets set benchmarks. It is further compounded by the ever-growing demand for accountability in educational systems, where data-driven decisions can result in targeted interventions that address performance gaps among students. Through analyzing national achievement test data, stakeholders are able to identify trends, strengths, and weaknesses within the education system in a way that could improve policy and practice.
2. This program is designed to capacitate Education Program Supervisors and Public Schools District Supervisors in the Schools Division of Dipolog City. This aims to enhance understanding of National Achievement Test (NAT) Data Analysis and Interpretation.
3. In this connection, please be advised that there will be a **One-Day Professional Development Training of Education Program Supervisors and Public Schools District Supervisors** on January 24, 2025, in our EPS Office of this Division, Purok Farmers, Olingan, Dipolog City.
4. The participants of this training are Education Program Supervisors and Public Schools District Supervisors.
