ADVISORY

In anticipation of the National Science and Technology Fair (NSTF) tentatively scheduled for March 9 – 13, 2026, the Scientific Review Committee (SRC) meeting in December 9 and 10, 2025 and Regional Coordinators Meeting in December 11 and 12, 2025, this Office advises all Regional Offices to conduct their respective Regional Science and Technology Fairs (RSTF) on or before November 30, 2025. This timeline will provide SRC members with ample opportunity to review and evaluate the manuscripts of the first-place winners from the RSTFs.

In addition to this, all entries, including the 2-minute explainer video, must be uploaded to the official repository of entries on December 1, 2025. The link to the repository will be emailed to the respective regional coordinators. Regions that have completed the RSTF earlier are encouraged to submit their entries in advance, allowing the SRC to review the manuscripts ahead of time.

The theme of this year's NSTF is *"Harnessing the Unknown: Powering the Future Through Science and Innovation."* It underscores the vital role of research in addressing today's most pressing challenges, those with potential consequences for the uncertainties of the future. It also inspires the youth to pursue bold, research-driven solutions that will shape a resilient, equitable, and thriving future for all.

The memorandum for the NSTF will be released once signed by the authorized official. For inquiries, you may contact the Bureau of Curriculum Development (BCD) at bcd.od@deped.gov.ph, with a copy furnished to Mr. Jios Ver D. Temporal, Senior Education Program Specialist, at jiosver.temporal@deped.gov.ph.

Immediate dissemination of this advisory is desired.
